EA Network has Australia's largest EA & PA Membership currently with over 7,500 EA/PA members

EXECUTIVE ASSISTANT NETWORK

AUSTRALIA'S LARGEST EA AND PA NETWORK - REACHING OVER 7,500 EAs and PAs NATIONALLY

EAN is the unique professional networking group with an online resource centre for Senior Executive Assistants (EAs) and Personal Assistants (PAs) working for high-profile senior executives in Australia's corporate arena.

EAN provides members with high quality support services, education and website based tools that facilitate them becoming more efficient and proficient in their roles.

Founded in August 2005 with 140 handpicked members, many of whom worked with executives on the Business Council of Australia, we now have over 7,500 members throughout Australia, drawn from over 3700 of the most prominent businesses in corporate Australia.

It was our first time being a part of EA Network and it was an extremely busy two days!

The quality of the delegates and visitors was amazing; as they all wanted to find out more about what our products and services were.

Looking forward to producing some solid ROI for this event!

Jeannie Vo,
Fairfax Media

The EAN is the first network of its kind in Australia to solely target the successful development of EAs and PAs. EAN Academy offers on and offline training with a focus on valuable information and resources on this ever changing role. This continuous development within the industry is enabling Senior EAs and PAs to become highly influential in determining company policy, purchasing and business decisions.

Following the great success of this Congress and Exhibition Series over the last 13 years and on the back of the success of the 2018 Melbourne event, we are anticipating an even bigger Melbourne Congress in 2019.

The quality of interest in Next Hotels from the attendees was great and we feel we can generate additional and new business from these leads.

Kristina Kulchar, Next Hotels

We were so impressed with the attendees at the exhibition. They were all engaged and wanted to know more about our products and how they could help be more efficient and organised in their work environment.
